EXAMINER'S AMENDMENT AND STATEMENT OF REASONS FOR ALLOWANCE

Response to Amendment

1. Applicants' amendment filed on May 9, 2005 has been fully considered and entered.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joe McKinney Muncy on July 21, 2005.

The application has been amended as follows:

In claim 1, line 5, please change "the magnification" to --a magnification-- (in order to give proper antecedent basis for the claimed limitations of claim 1).

In claim 1, line 9, please change "a Fiber" to --the Fiber-- (in order to give proper antecedent basis for the claimed limitations of claim 1).

In claim 1, line 10, please change "the light" to --a light-- (in order to give proper antecedent basis for the claimed limitations of claim 1).

In claim 1, line 5, please delete "Mag." and insert -- magnification --.

In claim 4, lines 3 and 4, please delete "Mag." and insert -- magnification --.

In claim 5, line 1, please delete "Mag." and insert – magnification --.

In the abstract, line 9, please delete "Mag." and insert – magnification --.

Reasons for Allowance

3. Claims 1-5 are allowed.

4. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or reasonably suggest all the limitations recited in claim 1. Specifically, the prior art of record fails to disclose a method for fabricating a Fiber Grating element, comprising the steps of providing a mask having a predetermined pattern and a wafer, wherein a light-guiding channel filled with light-guiding substance is formed on the wafer, and a photoresist layer is formed on the wafer; adjusting a magnification of a photolithography apparatus to a first magnification and transferring the predetermined pattern on the mask to the photoresist layer on the wafer to form a first pattern in combination with the other limitations of claim 1.

Claims 2-5 depend from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
